SUMMARY

I am a third-year Information Technology student at Malla Reddy College Of Engineering and Technology. With strong skills in Java and Data Structures and Algorithms, I excel in team collaboration and am eager for my first professional experience.

EDUCATION

- **Bachelor of Technology in Information Technology** 2022-26
Malla Reddy College of Engineering and Technology, Hyderabad CGPA: 9.24
- **Intermediate-MPC** 2020-22
SR Junior College for girls, Hanmakonda PERCENT: 97.6
- **Secondary School of Education** 2020
R.M.C High School, Kamalapur CGPA: 10

PERSONAL PROJECTS

- **Portfolio Website**
Developed a fully responsive portfolio website using HTML, CSS, and JavaScript, showcasing my skills, projects, and experiences
 - Implemented dynamic and interactive elements using JavaScript to enhance user engagement and navigation
 - Ensured compatibility across various devices with a mobile-first approach, utilizing CSS Flexbox and Grid for layout.
 - 🐙 GitHub link
- **Car Maintenance Web Application**
Built using HTML, CSS, and JavaScript
 - Designed for automobile enthusiasts to simplify vehicle selection and maintenance.
 - It delivers a user-friendly experience, empowering users to make informed decisions and enhance their driving experience
 - 🐙 GitHub link
- **Android App Market Data Analysis**
Analyzed Android app market data (categories, ratings, reviews, installs, etc.) to uncover key trends.
 - Identified factors driving user engagement and satisfaction.
 - Contributed to improving app performance and aligning development efforts with user needs through data-driven insights.
 - 🐙 GitHub link

EXPERIENCE

- **Full Stack Development Virtual Internship** Sep - Oct 2024
DevElet Online
 - Developed a college-specific Canteen Food Booking System and a Grocery Delivery Prototype website using HTML, CSS, JavaScript.
 - Focused on creating responsive, user-friendly interfaces and efficient back-end systems to streamline processes for users and administrators.
